LONGWOOD, FL November 25,
2024 - Seminole Office Solutions a
leading managed technology services
provider (MTSP) is leveraging
Microsoft Azure to help eliminate
outdated IT hardware in small to mid-
sized businesses (SMBs) and make a
seamless transition to the cloud.

products has reached expiration such
as Windows 7 and as those products
and services have matured into
obsolescence along with server they
ride on. Seminole Office Solutions has
been proactively transitioning
companies with end-of-life Microsoft
products into Microsoft Azure in order
to keep them up-to-date with the
contemporary business world.

While many business owners are
accustomed to purchasing on-premise
servers, this way of storing data has
become obsolete with the proliferation
of the cloud. Aside from the fact that
the tech world has embraced the cloud
and that virtually all innovation from
this point forward will incorporate the
cloud in some way, on-premise servers
have matured beyond their useful life
into obsolescence. On-premise servers
are vulnerable to becoming outdated,
which lead to major security concerns
for business owners. On top of that,
without regular updates and software
upgrades they are susceptible to slower
speeds while the rest of the world is
speeding up. In sum, it makes no sense
for business owners to outlay large
